CANON MEXICANA, S. DE R.L. DE C.V.

TITULO: **SPECIAL PRICES APPROVAL POLICY**					
REF: BISGAV-002/18	INICIO VIGENCIA			VERSION	PAGINA 1 DE 4
	DIA	MES	AÑO		
	31	05	18	**1 .0**	

OBJECTIVE

Establish the guidelines for the generation, approval and validation of special prices for BISG Direct Sales projects.

SCOPE

All BISG Direct Sales projects

DEFINITIONS

- **Special Price:** Any price other than the stipulated in the price list.
- **Salesforce:** Platform where the entire sales process is captured, from the opportunity to the generation and validation of the commercial legal document.

GENERATION, APPROVAL AND VALIDATION OF SPECIAL PRICES

1. All the quotations, either with price list or with special price, must be generated and approved through the Salesforce platform (except for those ones, that due to platform limitations, need to be generated in Excel) based on the predefined authorization flow.

2. Time response for a price approval is maximum of 2 business days, once the Sales representative has submitted the complete information.

3. Approved schemes are: rental, rental, sales, service policy, rental with included volume and rental plus click. Different schemes such as PUC must be authorized by Supervisor.

ELABORADO POR	**REVISADO POR:**	**AUTORIZADO POR:**
Alberto Valerio Especialista Senior, Service Account Management BISG	Arlette Martínez Gerente Senior, Administración de Ventas BISG	Morihiro Eto Director, Administración de Ventas BISG
FECHA: 30/05/2018	FECHA: 30/05/2018	FECHA: 30/05/2018

4. Additional elements to the quotation should be approved by Supervisor, both for consideration and for calculation purposes.

5. Special prices are valid for 30 days or fluctuations in exchange rates of no more than 3%. Authorize a price with an expired validity should be on Supervisor level.

6. Criteria for discounts are based on the following matrix:

Revenue	METRO		AVERAGE		FOREIGN	
	GP2 MIN	GP2 MAX	GP2 MIN	GP2 MAX	GP2 MIN	GP2 MAX
< 1M	35%	45%	30%	40%	22%	25%
>=1M <2M	30%	40%	25%	35%	18%	22%
>=2M <5M	20%	30%	18%	25%	15%	18%
>=5M <8M	18%	25%	16%	20%	13%	15%
>= 8M <10M	16%	20%	13%	16%	10%	13%
>=10M <15M	13%	18%	10%	13%	8%	10%
>=15M	10%	15%	8%	10%	6%	8%

1.- El GP2 considera ingresos y egresos de equipo, servicio, fletes, instalación, gastos financieros (renta) e ingresos por tóner (dealers).

2.- Los criterios expresados en la tabla son referenciales, dado que en cada proyecto se deben considerar variables financieras y no financieras.

3.- Al aplicar descuentos, se debe dar prioridad a la rentabilidad del servicio, siendo más agresivo en el GP del hardware y software.

7. The approval of discount in service contracts is responsability of the Supervisor.

8. For the global account prices, the ones triggered from the calculator of global accounts should be considered as initial reference. Only in case it is required by CUSA, will it be analyzed under the separate criteria.

9. In order to generate a price that requires some special consideration of Service, it is mandatory to have the validation of the Service Account Management area.

10. To approve a commercial legal document, it is necessary to validate that it contains the same commercial information as the authorized one.

11. The response time to approve a commercial legal document is 4 business hours from when the complete information is available.

12. To approve a merchandise order, it is necessary to validate that the order contains the same commercial information as the authorized one.

13. The response time to approve a merchandise order is 1 business hour after the full information is received.

14. To approve a shipment order, it is necessary to validate that the physical commercial legal document is signed and that the order contains the same commercial information as the authorized one.

15. The response time to approve a shipment order is 3 business hours after the full information is received.

16. If it is a global contract, it is not necessary to have the signed physical commercial legal document. A digital signature is enough to release the shipment order.

17. To calculate the penalty, you must multiply the monthly rent of the equipment to be withdrawn by the amount of months pending so that the validity of the contract is fulfilled. It is the power of the Supervisor to approve if the portion of service or the number of months that is decided is exempt from the calculation.

18. In the case of renewals with new equipment, the penalty payment may be omitted if there is less than 3 months left before the contract expires.

ANEXO: FLUJO DE AUTORIZACIONES
