OBJECTIVE

Define the guidelines for the generation, validation, documentation and storage of all the legal commercial documents related to BilSG Direct Sales businesses.

SCOPE

All the legal commercial documents related to BilSG Direct Sales businesses.

DEFINITIONS

- **Commercial legal document**: Contract, Annex, Service Contract, Addendum, Modification Agreement, Transfer of Rights, Demo Agreement, Letter of Anticipated Termination, Letter of Completion, Global Account Agreement and other documents that express a commercial relationship between Canon BISG and a customer from Direct Sales
- **Salesforce**: Platform where the entire sales process is captured, from the opportunity to the generation and validation of the commercial legal document.
- **Therefore**: Platform where the final authorization of the contracts is processed through two flows: one for the documents generated through Salesforce and another for the documents generated manually.
- **Contract Control**: Platform where legal commercial documents authorized and signed by the customer, are stored.

GENERATION, VALIDATION, DOCUMENTATION AND STORAGE

1) All commercial legal documents must be generated through the Salesforce platform, except: Transfer of Rights, Demo Agreement, Letter of Anticipated Termination, Letter of Completion, Contracts of Global Accounts, as well as all commercial legal documents in English language.

2) All commercial legal documents must be authorized through the corresponding flow of Therefore (commercial legal document generated via Salesforce or commercial legal document generated manually).

3) The response time to review commercial legal documents generated through Salesforce will be of 2 business days, while the time of those generated manually will be 5 business days.

4) The commercial legal documents will be valid and can be taken to the client for signature only until the Contract Specialist approves it, understanding that at that moment the document already has been reviewed both by Sales Administration and by Legal area.

5) Only the Legal Department has the power to modify (draft) the contents of a commercial legal document. The above except for the section on commercial conditions.

6) All the special considerations in the commercial legal document must be duly supported by the respective areas through an email.

7) The legal physical commercial document (original) must be delivered by the Sales Representative to the Contract Specialist in perfect conditions.

8) In order for the legal representative of Canon to sign a commercial legal document, it must have been previously validated by all the corresponding areas and must include the GP Analysis where all the commercial conditions approved are included.

9) The hierarchy of legal representative is as follows:
   a) President and CEO
   b) Finance Director
   c) Administrative Director.

10) In the Contract Control database all the observations, comments and necessary supports must be duly documented.

11) The response time for the loading of the commercial legal document in the Contracts Control database is one business day from the moment in which the installation report is updated. In the case of service contracts, a business day is considered from the moment the signed physical commercial legal document is received.

12)If it is a Global Contract, it is not necessary to have the legal physical commercial document signed. A digital signature is enough to load the commercial legal document into the system.

13)It is mandatory, that once having a digital copy of the contract and already being loaded in LN, to store the physical legal commercial document in a defined restricted area.

14)If the Sales Representative offers the Sales Price with a Service Contract, two instruments will have to be generated: the first one referring to the purchase-sale contract and the second one to the service contract. The above applies if it is required to sign a purchase-sale contract (for further reference consult policy CONPROD-001/18)

15)To be able to share information of an account to an executive that is not its owner, the approval of Direct Sales manager is needed.

16)Unless authorized by Sales Administration Manager, it is prohibited to share information regarding costs or profitability to Sales Representatives.

17)A signed physical commercial legal document may be delivered only to: Legal, Credit & Collection and Sales Administration areas. The above, vs a receipt signature.
