TITLE: **Order Desk Policy for Direct Customers**					
REF: CONPRODBISG-003/18	EFFECTIVE START			VERSION	PAGE 1 OF 5
	DAY	MONTH	YEAR		
	25	05	2018	**1 .0**	

OBJECTIVE

Perform in a timely manner capture of merchandise orders and shipping orders from customers on a daily basis as long as the capture requirements are meet.

SCOPE

All purchase orders corresponding to sales, rental and loan of equipment, accessories and consumables for Direct Customers through EBSS, PPS Sales and Service Administration (Telemarketing) of BISG.

POLICY

1. The product price lists of the BISG lines are expressed in US Dollars for Direct Customers.
The product price lists of the ITCG lines are expressed in Mexican pesos for Direct Customers.

2. The invoicing of the orders of the customers on BISG products can be made in Mexican pesos and in US Dollars according to what is requested by the customer and the following:

a) **Merchandise Orders (Sale):** Products whose quotation has been requested in US Dollars, may be invoiced in Mexican pesos at the exchange rate negotiated by the sales executive or, if applicable, in US Dollars (as long as they attach the approval support by Sales Administration).

DATE: 25/Mayo/2018	DATE: 25/Mayo/2018	DATE: 25/Mayo/2018

- Partial delivery (Back Order) or total delivery (For partial delivery the service area must give its approval, applies only to equipment)
- Serial number or series (applies for DEMO and RFB equipment)

5. Any special instructions must be indicated in the merchandise order or shipping order directly.

6. In the case that Sales (executive or telemarketing) omits prices or special discounts within the order of merchandise, Order Desk will be out of all responsibility.

a) It is Sales executive responsibility or Telemarketing to request the corresponding correction, either the cancellation of the order or re-invoicing.

b) In case of requesting cancellation, it will have to be requested through the Lotus notes data base BISG Return, Cancellation and Re-invoicing, and will have to submit the order again (merchandise order).

c) It is the sales executive responsibility to request re-invoicing within the lotus notes data base and obtain approvals.

7. It is the responsibility of the sales executive to share the delivery address (s) to Order Desk this in order to create the consignees in S21 and S85, according to the closing month schedule shared by Product Control at the beginning of the year.

In case of being out of the dead line schedule for consignees, it will be necessary to review it with the Supervisor or Manager for Product Control depending on each case.

It will be Order Desk responsibility to create the consignee according to the delivery address indicated in the order in Lotus Notes and/or according to the address file sent by the sales executive. It will be sales executive responsibility to follow up on the approval of his new consignee with the corresponding areas.

8.Order Desk will confirm the orders of the customers under the following schedule:

- Orders that are sent to Order Desk from 8:00 hrs. at 16:30 hrs. and do not present any discrepancy and/or modification will be confirmed on the same day by Order Desk, it will be the responsibility of the sales executive to follow up on the approvals by credit and sales administration area.
- Orders that are sent after 4:30 p.m. will be confirmed the next business day before 9:30hrs. as long as they do not have modifications and/or discrepancies.

On the closing date, Order Desk will capture the orders according to the calendar and schedule sent by the Warehouse and Accounting area.

In case of any exceptions to capture out of this date and time, the order will have to be reviewed and approved by Product Control, Warehouse and Credit Management.

- Share the annual calendar of consignees to the corresponding areas on the first week of the beginning of the year.
- Make the assignation on a daily basis of the merchandise sent by Product Specialist, Analyst and Supervisor.
- Make code changes according to the indication of Product team. (Specialist, Analyst and Supervisor)

SALES EXECUTIVE:

- Generate the merchandise order or shipping order in Lotus Notes.
- Request in advance the creation of new consignees and respect the deadlines of the calendar.
- Follow up approvals of new consignees with Credit.
- Follow up capture and release of generated orders.
- Generate salesforce orders, always attaching the corresponding quotation.
