CANON MEXICANA, S. DE R.L. DE C.V.

TITLE: **Prices for special business, projects and bids.**					
REF:	Validation			VERSION	PAGE 1 OF 3
	DAY	MONTH	YEAR		
PLANNING	09	05	18	**1 .0**	

Objective:
The purpose of this policy is to establish the guidelines for the application of prices for special business, projects and bids.

Scope:
This policy applies to all ITCG channels and BISG channels:

ITCG	BISG
Photoshop	National Accounts
Wholesalers	Dealers BISG
Retail	Healthcare
ECommerce and Corporate Sales / Vertical Markets	

This policy applies to all ITCG product lines: DSLR EOS cameras, lenses, videocameras, compact cameras PowerShot, PIXMA printers, ImageClass Printers, ImagePrograf Plotters, ImageFormula Scanners, Calculators, projectors and binoculars.

Definitions:
Special projects: Special sale which can have continuity in a prolonged period of time. Example: Aquatic Parks that make additional purchases or renew equipment during the course of the year.

Special business: Special sale that is carried out in only one occasion, but for the volume of the purchase, a special price is granted.

Bids: Public tender from a government institution to acquire products or services through special requirements from the bidder.

Responsibilities:

From the applicant areas:

1. Request at least 2 days in advance to the Planning and Business Intelligence area the special price for business, projects or bids, in order that the information can be analyzed in detail and offer the most convenient price for both: Canon and the applicant company.

2.Provide all the necessary information to be able to perform the relevant analysis:
- Features of the product requested.
-Quantity of product requested.
-Competition (product features and prices)
-General conditions of the project: payment, date of request for delivery, commercial conditions (vendor), delivery methods, date of resolution (in case of bids).

2. Register in Lotus Notes Base "Special prices" the price approved by the Planning and Business Intelligence area and ensure the complete signature process.

From the Planning and Business Intelligence area:

1. Confirm the special price within a period of 2 days after the request, as long as the requesting area provides all the necessary information.

2. Put the special price in system 21 for the client to whom the special price was approved, within a period of 12 working hours after the closing of the signature process of the request for the special business in Lotus Notes.

No price can be captured by the Planning and Business Intelligence area until the signature process has been completed in its entirety.

Differentiation between request for special prices and special business in Lotus Notes:

Special projects: Must be registered in the Lotus Notes database "Special prices".

Special business: Must be registered in the Lotus Notes database "Special business".

Bids: Must be registered in the Lotus Notes database "Special business".

BIDS:

Any bid is outside of the commercial conditions payment (vendor) for any of the channels that apply this policy.

SPECIAL BUSINESS FOR AQUATIC PARKS:

Any special business with aquatic parks out of the commercial conditions payment (vendor) for any of the channels that apply this policy.

The special support for the aquatic parks will be paid thru "sell out" with the invoice evidence (dealer to aquatic park), which must be presented to sales administration area for the payment.
