SERVGEN-007/13	01	03	18	**3 .0**	

OBJECTIVE

The present document aims to establish guidelines to be followed for the provision of preventive or corrective maintenance service to vehicles owned by the company.

POLÍTICS

A) PREVENTIVE MAINTENANCE.

1.- It is the responsibility of each one of the users designated for each vehicle, the follow-up of the preventive services program indicated by the manufacturer.

2.- Once completed the specific mileage, the user should request "Request for repair of automobile", indicating the data pointing at him. The request must be within 100 kilometers of the date of compliance and must be duly signed by the applicant and the direct supervisor or Department Manager.

ELABORATED BY	REVIEWED BY:	AUTHORIZED BY:
JORGE FLORES GENERAL AFFAIRS DATE: 30/05/2018	SAMUEL MAQUEDA SUPERVISOR DATE: 30/05/2018	CAROLINA MEJÍA SR. DIRECTOR ADMINISTRATION DATE: 30/05/2018

3.- The applicant will present the form to the Department of General Affairs.

4.- Facilities will be the review of the repairs required, the Department may review chosen repairs as well as reject those that aren't necessary.

5.- Once authorized by General Affairs, the appointment in the agency or workshop will be to send the vehicle, according to the guidelines listed below. You must inform the user to make delivery of the vehicle with due anticipation. Delivery can be made directly through the General Service staff or by delivery in our facilities to the staff of the shop or agency designated.

When the user fails to deliver the vehicle in time and the appointment which had been coordinated by General Service is lost, the user will be responsible for obtaining the new appointment, bring the vehicle and pick it up.

Users directly entering vehicles in workshops or agencies authorized by General Affairs must take permission of the Department or wait in place for is them authorization.

6.- Vehicles with less than 100,000 km mileage will be invariably sent to authorized service agency by the manufacturer. Vehicles with over 100,000 km mileage can be sent to another workshop appointed by General Affairs.

7.- General affairs will be responsible for follow up to the maintenance process, verifying that the agency or workshop respect the agreed service time.

The user of the vehicle shall take the measures necessary to consider the time in which the vehicle will be in repair, so it should be a proper planning of their activities taking into account the time that the vehicle will be out of availability.

8.- Once returned the vehicle, General Affairs will verify that the entrusted work has provided correctly, returns it to the user, and will process payment in accordance to the terms of credit granted.

B) CORRECTIVE MAINTENANCE.

1.- In the event that a vehicle requires corrective maintenance by failure or accident and automobile conditions so permit, the designated user must request the "request for repair of automobile", indicating the data which are designated.

If the repair is due to accident, should take into account also the provisions contained in the insurance policy with which count unit to if it's a covered risk, the adjuster instructions are followed and notify of this situation to General Service properly.

2.- If automobile conditions do not permit his transfer to the facilities of the company, the user can enter vehicle directly with agency or workshop and immediately request the "request for repair of automobile", indicating the causes for the which was directly.

Vehicles with less than 100,000 km mileage will be invariably sent to authorized service agency by the manufacturer. Vehicles with over 100,000 km mileage can be sent to another workshop appointed by General Affairs.

3.- Once received request format for General Affairs, will follow the steps described in paragraphs 4 to 8 above.

C) VERIFICACIONES

1.- Facilities will be responsible for the annual programme of inspections only of vehicles assigned to the President, directors and managers. In all other cases, the users will be responsible for monitoring dates of verification to verify.

In the case of negligence of the user to carry out verification on designated dates, the user will be responsible for paying the fines and penalties incurred in this BlackBerry.

D) DETENTIONS AND IMPOUNDS

1.- It is the responsibility of users to comply with the traffic regulations. Where any unit is arrested or fined, is the user's responsibility to carry out procedures to secure the release of the vehicle or to pay the fine.

2.- They will be in charge of the user the fines and penalties that are applied on the occasion of acts of negligence of it involving a breach of the regulation of traffic (parking at prohibited place, banned turning, lead to excess speed, etc.).

3.- Law Department can provide assistance to the user, provided the fines and surcharges are not generated by any of the reasons referred to in the preceding paragraph.
