	DAY	MONTH	YEAR		
	01	04	18	**2.0**	

Objective

This policy is aimed at protecting equipment owned by Canon Mexicana by establishing appropriate controls for the departure and return of the company's equipment.

Scope

Apply to employees that are authorized to take out of our facilities company's equipment. All those persons are obliged to take responsibility for its return to the facilities.

Policy

1. Only people that due to their performance of daily work have to get out company's equipment are authorized to do so.

2. To take out company's equipment, it is necessary always and without exception produce the output format of equipment found in the database of Lotus Notes "SALIDA DE EQUIPO" with the due authorizations. In the event that for some reason did not work the electronic authorization through Lotus Notes, must print the output to obtain the appropriate signatures (Annex 1).

3. The employee responsible for requesting the exit, will develop the "Application Equipment Assurance" for demonstration and events.

4. The machine will be delivered with a copy of the application assurance signed by the Department of General Affairs. Also, the employee is required to verify that the equipment is delivered is working properly.

5. Security guards shall be responsible for verifying that the exit of the equipment is carried out with authorization and to verify that the returns of the equipments are identified in the authorized application.

6. If any equipment that is proposed for a demo, it must be held with the client a COMODATO contract (Annex 2).

MADE BY:	REVIEWED BY:	AUTHORIZED BY:
JORGE FLORES GENERAL AFFAIRS DATE: 01/06/2018	SAMUEL MAQUEDA SUPERVISOR DATE: 01/06/2018	CAROLINA MEJIA ADMINISTRATION SR DIRECTOR DATE: 01/06/2018

7. If the expiration of the original exit, the computer requires being longer, the employee shall extend the date corresponding exit in Lotus Notes, with the permission of the Director of corresponding area. This can only take place once.

8. In the case of consumables and when they do not return to the company, it must clearly specify this particular exit condition.

9. If the equipment suffered any damage or theft in the event, show or during transportation and this is not found insured by the lack of the application referred to in subsection (3), the employee will pay 100% of the total value of equipment a biweekly discounts will be applied via payroll until it covers the full amount thereof.

10. If the equipment does not return within two working days from the date that should have returned, will be deducted pursuant to the policies of Canon Mexicana and pursuant to the Federal Labor Law.

11. Employee that does not return the equipment or the date indicated, may not withdraw any other company equipment during the discount period.

12. By returning the equipment, employee will be responsible to register the equipment entrance.

13. When returning the equipment if accessories are missing or the equipment is whole/partly damaged the responsible employee will have five business days to recover missing parts or to bill the client who had lost or damaged accessories. If after this period has not complied with the above, will be deducted the employee according to Canon Mexicana Policy and in accordance with the Federal Labor Law.

14. Once entered the equipment, it will be sent to Service department for inspection and to prepare the corresponding technical report, which should indicate under what conditions the equipment arrived: If equipment is not properly working, responsible for the exit will have five working days from the service department issued the report to make the process corresponding customer billing, if the employee does not perform the formalities within this time will apply the discount according to the policies of Canon Mexicana and in accordance with the Federal Labor Law.

15. Each of the Managers responsible for the equipment will check every two weeks in coordination with the people responsible for authorizing the exits of the

equipment if there are delays and lack of compliance to the above, in which case it shall ask HR apply appropriate sanctions giving effect to such copy of the documentation to support it and the amount of equipment in your case is to be deducted.

16. In the case of dismissal staffing, HR verify with area managers if the employee has caused low or no has equipment outside the Company. If equipments were within the periods to exits, immediate boss will stay as responsible. If there are equipments with expired dates shall be the responsibility of the HR department to apply the appropriate discount once confirmed via email the amount will be deducted from the employee's immediate supervisor of the dismissal.
