CANON MEXICANA, S. DE R.L. DE C.V.

TITLE: **CONTINUOUS COMMUNICATION WITH CLIENTS**					
RH-021	DATE STARTING VIGENC			VERSION	PAGE 1 DE 6
	DAY	MONTH	YEAR		
	15	10	2021	1.0	

I. OBJECTIVE:

This document details the guidelines to be followed in the event of absenteeism or rotation in functions performed with a focus on external clients.

II. SCOPE:

The following departments are subject to this procedure:

1. Credit and Collections
2. Sales
3. Customer Service Center
4. Service
5. Order Desk
6. Operators

III. GLOSSARY:

Absenteeism: Absenteeism is considered to be non-working periods due to holidays, personal leave, disability or the like.

Support: Employee in charge of temporarily carrying out the duties of another collaborator by agreement of the supervisor (s).

BP: Business Planning department

Canon: Canon Mexicana, S. de R. L. de C.V.

Customer Care Center: This term is used interchangeably for the Consumer Care Center and Business Care Center departments

Collaborator: It is that employee of Canon, hired under a certain or indeterminate contract scheme, but who is directly subordinated to it.

Day of Service: Working days on which the employee is obliged to perform their duties, in accordance with the terms and conditions of the employment contract, or the instructions given by the Direct Supervisor.

PREPARED BY:	**REVIEWED BY:**
Eduardo López Internal Auditor Date: 11/10/2021	Carolina Mejía Administrative Vice-President Date: 11/10/2021

Director: The term Director is generic and includes the positions of Director, Director, Vice-President and President.

Manager: The term Manager is generic and includes the positions of Manager or Senior Manager.

IMSS: Mexican Institute of Social Security (Instituto Mexicano del Seguro Social)

Service: Directors, Managers and Service Supervisors

S21: Centralized system developed by Canon internally to manage the registration of your business activity.

Top Accounts: Customers with the highest concentration of sales, each channel will be able to define the scope of the number of customers that make up this segment.

WMS: Warehouse Management System, is the system used by the Distribution Center for the allocation and monitoring of locations of goods and spare parts

IV. LINEAMIENTS:

AUSENCY OF HOLIDAY ACTIVITIES OR OTHER CASE.

1. Canon recognizes and manages the right of employees to a vacation period in accordance with the Federal Labor Law and the internal policies of the company.

2. Vacation entitlement shall be in accordance with HR policies.

3. If you have an authorized holiday, you must leave a notification active in the email management system (Outlook); you must also inform the contact of Top Accounts customers by email at least 3 working days in advance if you are assigned to their attention.

4. In the event that the employee is absent due to unforeseen reasons and it is not possible for him to send the mail, it will be the responsibility of the manager to send it on the same day as the absenteeism is known.

5. The messages referred to in points 3 and 4 above must indicate the period during which the Canon collaborator will be absent and e-mail information, who to contact within Canon in case of need of attention. If you do not have a backup, the telephone number, and the name of the Canon collaborator to contact in case of emergencies must be provided.

6. It is the responsibility of the Directors and Managers to ensure that the members of the team are adequately trained to perform the duties of any of the collaborators in the event of absenteeism for any reason.

7. It is the responsibility of the Directors and Managers to have a departmental organizational chart that includes details of the activities per employee, as well as who could exercise the back-up functions in the event of absenteeism. This list should be sent to the Vice Presidency each quarter of the year.

8. It is the responsibility of each Canon collaborator to inform and agree with its Supervisor and other collaborator performing similar functions, the temporary coverage of their functions during the absenteeism period.

9. It is the responsibility of each Canon collaborator to provide a list of pending issues to their Supervisor and support in case of relevant issues such as, but not limited to:

a. Orders pending confirmation with Top Accounts customers.
b. Non-operating equipment with clients with periods exceeding 24 hrs.
c. Pending invoices, among others.

10. Absenteeism without proper management may have an impact on the performance measurement of the employee and/or their Supervisor at the end of the year.

11. It is the responsibility of the Director or Manager of each area or department to manage the holiday schedule in order to ensure a response to customers from Canon staff.

12. In the case of Service, supervisors must coordinate with the Customer Service Center the temporary back up during absenteeism periods.

13. It is suggested to manage a work chat for each department to be able to communicate in case of absence.

14. During a period of absence from the activities, whether due to vacation, disability or any other reason, no employee shall be obliged to answer calls, e-mails or attend to work activities such as meetings or the like, unless it is an emergency, and the employee is available.

RESPONSIBILITIES OF DIRECTORS AND/OR MANAGERS FOR PERSONAL ROTATION

15. All collaborators within the scope of this document should have their landlines with automatic transfer to their cell phones, it will be the responsibility of the managers of each department to ensure this point

16. In the event that a Manager decides to disassociate a collaborator, he/she must notify the Human Resources Department with due advance notice and must provide any information deemed relevant not to affect the operation to the clients, including, but not limited to, tools, including dongles, spare parts, equipment on loan, tablets or the like.

17. Notify employees in the same department and with whom workflows are shared when an employee leaves, as well as manage the restructuring process to ensure the continuity of the operation.

18. Temporarily allocate according to a study of transaction volume, service path, profitability of accounts, sales channel or similar analysis to temporarily allocate coverage on 100% of the client portfolio allocated to the employees of your department. This analysis shall be documented.

19. Inform by email and telephone, as deemed appropriate, 100% of the assigned client portfolio of the change, including contact information to address collection matters within a period **not exceeding the end of the next business day.**

20. Inform by email and telephone, as deemed appropriate, 100% of the assigned client portfolio of the new hiring and provide contact information.

21. As far as possible, follow up with the main accounts of each channel to ensure an effective transition.

22. Inform the person in charge in the IT department about changes and manage their access to the department's databases, S21, and billing databases, systems, approval flows, SLink and any similar access required.

23. In the case of rotation in the Sales and Credit and Collection departments, Business Planning must be requested to change the sales executive or credit staff in S21.

24. Manage the closing of users or accesses in departmental systems without leaving unfinished tasks, reallocation of pending tasks, and if necessary, reallocate the administrator users being enunciative but not limited to:

a. Zendesk
b. Symphony
c. Corporate Whatsapp
d. SLink
e. Sales Force
f. Service Cloud
g. Robin

HR RESPONSIBILITIES IN THE CASE OF PERSONAL ROTATION.

25. Inform the Senior Manager of IT about the date of termination to limit access to the network, email, operating system and generate the backup of the hard drive by the collaborator.

26. Inform General Services to manage necessary changes to the telephony allocated to employees.

SERVICE RESPONSIBILITIES AND OPERATORS FOR PERSONAL ROTATION.

27. Service must comply with the provisions of RESPONSIBILITIES OF DIRECTORS AND/OR MANAGERS FOR PERSONAL ROTATION, and the guidelines of this section.

28. Request the Accounting or Product Control Manager for the list of spare parts two hours after the last service closure, or after 6 PM the previous day. This should be using the S21 report MSCI0504.

29. Accounting or Product Control must send the requested list to Service and Logistics.

30. Service shall inform the Department of Logistics and Audit to manage the return of spare parts and service tools; as well as the physical inventory count at the corporate offices at least 3 working days after the date of cancellation is confirmed.

31. The physical inventory count of spare parts for service shall be done in the metropolitan area and the interior of the republic.

32. The Logistics Department will have to manage the receipt and verify on delivery the tools and spare parts of visible damage, as well as compare the lists to identify missing or surplus in a physical count.

33. In the event that it is not possible for the physical takeover of spare parts within the interior of republic on the date of withdrawal by Logistics and if there are Service Supervisors, they will be entitled to make the physical takeover of spare parts complying with the provisions of this policy, keeping a copy of the Logistics Manager and the Audit Manager.

34. In the physical inventory count of spare parts will not be accepted used spare parts or parts with open packaging, service reports without customer signature.

35. Logistics or the Service Supervisor will deliver the results to RH for consideration in the termination or settlement calculation.

36. Spare parts located within the interior of the republic must be returned to the Distribution Center or, if necessary, reassigned to service engineers in the same area.

37. Shipments of spare parts must be by land, for this purpose Service must request in advance from logistics a prepaid shipping guide.

38. It is the responsibility of Service to inform Service Administration with a copy to Accounting within the next 5 working days of the transfers required for the reallocation of tools and spare parts.

39. The Distribution Center shall receive the parts at the warehouse and allocate them in WMS according to the appropriate status, if necessary, a warehouse inspection by the Service shall be requested to determine if the parts are in the following status:
    a. New
    b. Damaged
    c. Destruction

40. Service will immediately notify by email the Director or Manager of the Customer Service Center of the temporary assignment of services for a manual assignment of service visits. As soon as a final allocation is available, the information should be updated in the same way.

41. The Customer Service Department must perform the manual assignment until changes to S21 are available.

42. Request MFP / PPS Business & Operations (BOS) to change the allocation of consignments and service engineers in S21.

43. Service must prepare a list of services pending at the time of the partner's disengagement.

44. Operators and their management in accordance with this procedure shall be the responsibility of the MDS Department.

45. MDS shall assign to a backer that meets the customer's contractual requirements, immediately, notifying the customer in writing of such change.

46. MDS must notify the customer, IT, or responsible for the new email account assignment for uninterrupted reassignment.

47. MDS shall notify the Customer Care and Service Management Department to ensure the flow of spare parts and consumables to the customer.

48. MDS and Service shall manage with clients with special requirements access to the facilities with the assigned support staff.
