OBJECTIVE

Describe the conditions and steps to create a new Lotus Notes user account and corporate network within the Canon CMEX domain.

SCOPE

This policy covers the creation of the Lotus Notes account, access to the network within the Canon CMEX domain and IT area must deliver to the newly hired employee.

GENERAL GUIDELINES

1. HR department must generate a ticket for any new employee hired.
   A. HR Department must enter a ticket through the ticket tool in Lotus Notes..
   B. This ticket must have the general information of the employee (Name, email address, department, type of email, Canon ID number formatted (J0xxxx), types of groups (Distribution Lists) and specify special access for corporate applications such as S21 and databases in Lotus Notes, etc.
2. IT Department is responsible for creating the email accounts in Lotus Notes and the network account (Active Directory) based on the information mentioned in the previous point, and granting access to the corporate applications requested in the ticket.
   A. If the ticket requests access to any corporate application (S21, ARCS, VPN, etc.), this request must have a business justification and must be approved by the Manager of the area requesting the ticket.
3. Once the Lotus Notes account and the network have been created, IT Department confirms to HR via email that the user's account has been created.
4. HR department is in charge of activating the new account in the database of Employees in Lotus Notes.
   A. HR department must let the IT department know once the account has been activated in the employee base in Lotus Notes.
5. HR Department must request to CUSA the registration of the PeopleSoft account.
   A. HR must let IT know once the PeopleSoft account has been created through an email.
6. Finally, as part of IT services, IT department sends several notifications to the new user to provide a summary of the general tools (such as links for shared folders, access to general bases in Lotus Notes and general indications commonly used in Lotus Notes electronic).
